In the event that **FLM TV** fails to make any payment to Cross Media Corporation d/b/a Lightcast.com, the Guarantor does hereby promise to make all payments to Cross Media Corporation d/b/a Lightcast.com in the same manner as if they were the principals of said agreement

Guarantor E-Signed:

Joseph Buban

Start Date: April 16, 2025

Lightcast.com's [Terms of Service](#) and **App Setup Terms** are effective throughout the duration of this Service Agreement between **FLM TV** and Cross Media - the management and payment agency of Lightcast.com.

☒ I have reviewed all submitted order, contact and payment details as well as the [Terms of Service](#) and fully agree to them.

App Setup Terms:

☒ I understand that it is my responsibility to register and maintain app developer accounts with each app store, upload media contents, graphics and metadata to the Lightcast Media Cloud, arrange Channels and Sub-Channels in order to build a navigation structure for my publishing properties, fill out the App Questionnaires in my Media Cloud account in order to define title, description and keywords of desired apps and publishing properties. I understand that this is a requirement in order to enable Lightcast's personnel to execute on app setup and app submissions.

- ☒ I understand that I cannot hold Lightcast responsible for delays with app store submissions if I fail to upload and submit the needed information, or take the necessary actions with my app store developer accounts, as outlined herein.
- ☒ I understand that my regular package payments still have to be made while I upload content, filling out app forms and register developer accounts with app stores, as well as during the development of apps and each app store's review time, as during this entire time, from day one, all Lightcast services which I am paying for have to be provided by Lightcast in order to allow uploading, content management, storage, delivery, and the entire Media Cloud, which is required to be live and available during the entire app setup and app store review period.
- ☒ I understand that, naturally, app developers cannot build apps for me, nor can app store review teams play back content in my apps, without the Media Cloud and Lightcast's media hosting services being available, thus, requiring my continuous, uninterrupted payment integrity.
- ☒ I understand that Lightcast cannot be held responsible for decisions by app stores, podcast platforms or social media platforms in regards to acceptance and publication of my apps or contents within my apps. I understand that Lightcast is a streaming provider which hosts and delivers my contents, which is what I pay for with my recurring service charge, and that the setup of app templates, podcasts or social media sites, is an optional add-on service. Furthermore I understand that, in the event that I order any such apps, podcasts, skills, or social media setup services as an add-on, Lightcast's only responsibility is to set up the add-on services I order, but that each app store, each publishing platform, has its own terms I have to remain in compliance of, and its own review and independent approval process.
- ☒ I understand that it is entirely up to each app stores or publishing platform's own discretion to approve or reject my apps or contents, or to request proof of copyright ownership, and that it is between me and each app store and publishing platform to communicate diligently and that it is my responsibility to provide any additional documentation as requested by app stores and publishing platforms.

Payment and E-Signature Consent :

- ☒ I agree and consent to the use of the payment method I submitted in this document for the recurring payments of this service subscription. I acknowledge that the first of my annual payments will be charged immediately by clicking "Submit Signed Contract". I understand that I can change the payment method for future payments inside my Media Cloud account at any time.
- ☒ I agree and consent to the use of my electronic signature instead of a physical signature to execute this legally binding contract, and agree to be bound by the terms thereof as if I had signed this contract with my physical signature.
